NEW VERSION – This Section Will Be Removed

The entire “**Case Studies / Proven Results**” section will be **deleted** from the new version of the website.

There will be **no placeholder or replacement content** — this part will be reintroduced later once verified client campaigns and measurable data are available.

Reason for Removal:

Munk Media is currently in its pre-launch and early brand-building phase.

Featuring case studies with fictional results would conflict with the brand’s values of **authenticity and transparency**.

The space can later be repurposed into a “**Movement Stories**” section — showcasing real creator collaborations and cultural impact once the agency has launched several campaigns.

OLD VERSION – “Creator Network”

Section tag:

🔥 NEW VERSION – “Join the Creator Network” (Munk Media Style)

⚙️ NOTE:

This block **will stay**, but it **must be completely adapted**.

The existing creator showcase will be replaced by an interactive **creator contact form**, designed for influencers who want to collaborate with Munk Media.

Section tag:
Creator Network

Headline:
Join the Movement. Become a Munk Creator.

Subheadline:
We're building a global network of authentic creators — storytellers who move culture forward. If you're ready to partner with brands that value creativity, honesty, and impact, we want to hear from you.

New Structure (replacing creator grid):
 **Creator Application Form**

Fields:

- Name
- Email
- Platform(s) (dropdown: Instagram, TikTok, YouTube, Other)
- Follower count (optional)
- Content niche (text input)
- Message (short paragraph field)

CTA Button:
Submit Application

Optional Supporting Text (below form):

Every partnership begins with purpose.
Munk Media connects creators and brands through stories that inspire, connect, and create real movement.

Why this works:

- The block's **function changes** from showcasing creators to **inviting new creators** — aligning with Munk's early growth phase.
- Keeps the visual weight and structure of the current section intact.
- Reinforces Munk's tone of voice: **authentic, bold, and purpose-driven**.
- Creates a direct funnel for incoming creator partnerships.

OLD VERSION – “Client Success Stories”

Section tag:

Testimonials

Headline:

Client Success Stories

Subheadline:

Don't just take our word for it. Hear from the high-growth brands we've helped achieve extraordinary results.

Testimonials:

“Munk Media transformed our brand presence. The results exceeded our wildest expectations.”

— Sarah Chen, CMO, High-Growth Fashion Brand

“Professional, creative, and results-driven. They understand influencer marketing like no other.”

— Michael Rodriguez, Brand Director, Premium Beauty

“The ROI on our campaign was incredible. Munk Media delivers on every promise.”

— Emma Thompson, Marketing VP, High-End Retail

NEW VERSION – This Section Will Be Removed

The entire “**Client Success Stories / Testimonials**” section will be **deleted** from the new Munk Media website.

There will be **no placeholder or temporary testimonials** added — this block will be reintroduced later once verified brand collaborations and real client feedback are available.

Reason for Removal:

- Munk Media is currently in its **early launch phase**, and authenticity is central to the brand’s identity.
- Displaying fictional testimonials would conflict with the brand’s promise of **honesty, transparency, and culture-driven storytelling**.
- This space can later evolve into a “**Partner Highlights**” section, featuring real quotes and impact stories once Munk Media has built its first client portfolio.
